

Hello! I'm Olivia, a professional organizer and graphic designer. Growing up with architect / designer parents, I've been immersed in design from the start. As a result, I've developed a keen eye for aesthetics. With an appreciation for creativity, I implement these skills in both my work and personal life.

EDUCATION

Chapman University, Orange, CA — May 2019, Magna Cum Laude
BFA Graphic Design, minor in Integrated Educational Studies
